

San Pasqual Valley Soils (SPVS) Public Event Safety Guidelines

1. When communicating with SPVS staff, all guests must wear a facial mask and maintain a 6' distance per San Diego county Covid-19 guidelines.
2. Upon entering SPVS facility, all vehicles must respect the 5 mph on-site speed limit.
3. Guests must inform SPVS staff that they are there to participate in the Free Give-away program and mention where they heard about it before proceeding to the loading area.
4. All guests are to remain in their vehicle until they arrive at the designated area for manually loading free give-away product.
5. All guest should bring their own shovels, brooms, etc. for loading product into their vehicles and may want to wear their protective masks to minimize inhaling of dust associated with the product loading.
6. Upon completing the loading activity, you are to move your vehicle to the designated "tarping" area for covering your material for transport on city streets, highways and freeways.
7. When leaving the SPVS facility, please look both directions before safely merging onto Old Milky Way paying special attention to the speed of oncoming traffic before entering.
