COMPOST REIMBURSEMENTS AVAILABLE FOR CALIFORNIA FARMERS AND RANCHERS

Are you planning to purchase at least 20 cubic yards or 10 tons of compost for use in agriculture? Are you able to purchase from a CalRecycle approved facility?

Zero Foodprint may be able to reimburse you for a portion of your compost purchase,

Discounts range based on available funds, with higher payments available for those who commit to following conservation practice standards.

Applications accepted on a rolling basis.

More information on Compost Connector is available at zerofoodprint.org/compost.
