

## Zero Foodprint Compost Connector Program

### Program Requirements:

1. Program is open to San Diego County Farms and Ranches
2. Purchase 50 – 550 cubic yards of SB1383 compliant compost for agricultural use per claim
3. Compost must be purchased from a CalRecycle approved facility (SPV Soils is)

Follow these steps to apply and participate in the [Zero Foodprint Compost Connector Program](https://www.zerofoodprint.org/compost) (<https://www.zerofoodprint.org/compost>) before purchase to receive a rebate \*:

1. Apply to participate through the Zero Foodprint Compost Connector website (takes 3-5 minutes).
2. Be sure to sign the contract via email/DocuSign to ensure approval. Approval can take up to 48 hours.
3. Get email notification from Zero Foodprint of approval.
4. Log into Zero Foodprint portal and indicate how much compost you plan to purchase to start a claim.
5. Add “SPVS” rebate code in portal to confirm rebate (which is valid for 30 days from purchase).
6. Place order for 50 – 550 cubic yards of compost with SPV Soils.
7. Multiple orders of up to 550 cubic yards can be placed at the same time as long as you submit a new claim online for pre-approval for each order you add.
8. Receive SPV Soils invoice with the following information on it:
  - a. Zero Foodprint Compost Connector Program
  - b. Compost name and quantity purchased
  - c. Delivery address
9. Take delivery of compost.
10. Take two pictures of compost being delivered or spread.
11. Login to the Zero Foodprint Compost Connector Program Portal and upload the following information **within 30 days** of placing the order:
  - a. SPV Soils Invoice
  - b. Pictures of compost delivery
12. Follow instructions in portal to file claim and receive rebate.

SPV Soils SB1383 compliant compost products approved for purchase through the program:

Valley’s Best Compost®	Planter’s Blend Compost	Nitro-Blend Compost
Grower’s Mulch Compost	CA Native Mulch Compost	Monkey Hair Mulch Compost

### Notes:

1. \* Rebates are available while supplies last. The current rebate rate of \$5.20 per cubic yard of compost is subject to change.
2. Rebates are reserved prior to purchasing product to retain your rate (after completing the steps and submitting paperwork for approval).
3. There is no limit to the number of times you can purchase SB1383 compliant compost through the program once you are approved.
4. Each Zero Foodprint Claim is valid for at least 50 up to 550 cubic yards of compost.
