

# 2024 Storm Water Awareness Week Workshops

## September 23-27, 2024

All of these workshops qualify for Professional Development Hours (PDHs) with [EnviroCert!](#)  
And that they're all completely FREE!

### Workshops scheduled for the 2024 event:

1. RESTORE: Yosemite National Park Restoration Keynote Videos
2. Coffee with a QISP
3. A Comprehensive Introduction to Erosion and Sediment Control
4. Let's Take a Look into the Day in the Life of A SWPPP Inspector: Step by Step Basics of Construction SWPPP Inspections
5. One of Year of Passive Treatment: Where We've Been and Where We're Going!
6. Low Impact Development & Green Infrastructure Implementation Saves Money
7. Pond + Skimmer + Filter = 90% TSS
8. Holistic Onsite Wastewater and Stormwater Recycling
9. A Flood of Regulations: Florida's New Storm Water Regulations & How To Catch Up Your Compliance Program
10. RUSLE Application For Notice of Termination
11. Wash Bay Water Treatment is Just Like Construction Site Water Treatment, Here's How?
12. Sustainable SWPPP's
13. 2022 CGP Refresher
14. Post-Construction Plan Review 101
15. When Maintenance Drives GSI Design
16. Active Treatment for Industrial Stormwater: When, Why, & How?
17. Tools & Tips for Creating Green Infrastructure Using Compost Workshop with Dr. K of SPV Soils
18. Construction Site - BMPs and Effective Communication
19. SMARTS getting Smarter ... upgrades to SMARTS for the new CGP
20. Industrial Stormwater Treatment Systems 101
21. Mitigating the Potential Impacts of Industrial Stormwater Pollutants on the Environment
22. Building Successful Stream and Drainage Programs
23. Wet Weather, Dry Weather, & Illicit Discharges: Let's Discuss the Basics of IDDE
24. Routine Maintenance Always Saves Money: How to be Pro-active
25. Exploring SPCC Plans and Hazardous Waste Management in California
26. Post-Construction Maintenance Inspection Procedures
27. Improving Wetland Plant Establishment & Long-Term Survival in Stormwater Control Measures

28. Pitfalls and Tips in Developing an Effective Industrial, Commercial, and Institutional Stormwater Pollution Prevention Program: The City of Calgary's Experience
29. Site Stabilization/Final Coverage/Notice of Termination
30. Caltrans and the 2022 CGP Specification Changes
31. Automating QPE Predictions for Your Sites - 2022 CGP
32. Sustainable Solutions for Your Site
33. Retrofitting Culverts to Support Fish Passage
34. Protecting Creek Water Quality During Construction
35. Drone Use for NPDES Inspections
36. Nature Ignores Design That Ignores Nature
37. Mentoring and Developing New Stormwater Compliance Professionals (QSP-Delegates, in CA)
38. Flashflood Safety in Hawai'i Rural Communities
39. Connecting the Dots of Effective Construction SWPPPs
40. Clean Water Act Litigation and the Industrial General Permit
41. Regional Spotlight: Raleigh, North Carolina
42. Regional Spotlight: Calgary, Canada
43. You Can't Perform What You Don't Know: Industrial Stormwater Management Overview
44. Enhanced Street Sweeping Guidelines: How to Develop a Maximum Value Sweeping Program
45. A Data-Driven Approach to Enhance Street Sweeping for Water Quality
46. Measuring Runoff Water Quality Improvement From Street Sweeping in Southern California
47. SWPPP Radio and The Storm Water World Podcasts together LIVE
48. The Five Fundamentals for Developing Sustainable Vegetation on Construction Sites
49. National Nightmares: Erie Episodes from the Water Quality Calamity Crypt

Register for Dr. K's Workshop at:
